COSTIVENESS
affects seriously all the digestive and assimilative organs, including the **Kidneys.** When these organs are so affected, they fail to extract from the blood the uric acid, which, carried through the circulation, causes **Rheumatism and Neuralgia.**

The functions of the Liver are also affected by costiveness, causing

Bilious Disorders.
Among the warning symptoms of Biliousness are Nausea, Dizziness, Headache, Weakness, Fever, Dimness of Vision, Yellowness of Skin, Pains in the Side, Back and Shoulders, Foul Mouth, Furred Tongue, Irregularity in the action of the Bowels, Vomiting, etc.

The Stomach suffers when the bowels are constipated, and Indigestion or

Dyspepsia,
follows. Fetid Breath, Gastric Pains, Headache, Acidity of the Stomach, Waterbrash, Nervousness, and Depression, are all evidences of the presence of this distressing malady. **A Sure Relief** for irregularities of the Stomach and all consequent diseases, will be found in the use of

AYER'S PILLS.
They stimulate the stomach, free the bowels, healthfully invigorate the torpid liver and kidneys, and by their cleansing, healing and tonic properties, strengthen and purify the whole system, and restore it to a salutary and normal condition.

OF GENERAL INTEREST.

—The pearl fisheries of the Lower California coast are said to have produced fifteen million dollars last year.

—The juice of the Burbank pear, in some medical cases, is used in California, both as food and drink. At first the invalid grows thin upon the diet, but in a few weeks gains strength.

—Last year 5,457,509,647 cigars and 994,334,000 cigarettes were manufactured in the United States, requiring over 91,000,000 pounds of leaf. In 1879 not 40,000,000 pounds were used.—*N. Y. Sun.*

—The Irish jaunting car, which has been under the ban since the Phœnix Park tragedy, has again come into favor, the Prince of Wales having used one on his recent visit to the Lakes of Killarney.

—Nearly all the sheep-shearers of California come from Santa Rosa and travel in bands during the shearing season, many hands making quick work even with the large flocks.—*San Francisco Call.*

—Mr Arthur L. Shumway writes to the Cleveland *Plaindealer* that fifteen mines of magnetic iron have been opened in Cuba within the past six months, by Cubans, Spaniards and a second American syndicate.

—Last autumn the loggers of the Northwest adopted a rule pledging a reduction in the log supply. The result shows a decrease of 873,338,000 the figures for 1884 standing 3,238,000,000 against 2,364,562,000 for 1885.—*Chicago Inter-Ocean.*

—A prominent New England farmer predicts that Massachusetts farms, which were tilled by the Pilgrims and their immediate progeny, are tending toward wildness, and may some day form a proper field for the new settler.—*Boston Post.*

—The city of Los Angeles, Cal., has a population of about 35,000. Its streets are lined with eucalyptus and pepper trees, and with handsome business blocks, which are more numerous and costly than in most American cities of five times the population.

—A wonderful man has been developed in Los Angeles, Cal. T. W. Hellman, to whom a large estate was recently bequeathed, proposes to deed it to the two orphan asylums of that city. He says he has as much money as he needs, and that he will not accept gifts from any one

—A child with two tongues is said to be living at Yonkers, N. Y. The second has grown from the root and on top of the first The mother first noticed it when the child was three days old It was then quite small, but now that the child is two years old it is nearly as large as the real tongue.—*N. Y. Post.*

—The house or sobbing wren is a bird peculiar to Southwestern Texas Its melancholy note is described as very impressive. It begins in a high, clear key, like the tinkling of silver bells, and descending gradually from one chime to another, it suddenly falters, breaks off and sobs like a child—the song dying away in a gasp The song is heard only in the opening light or dawn, and is repeated but a few times The singer is rarely seen during the day.—*N Y Sun.*

—Upon one occasion when Artemus Ward was in London a children's party was arranged by the great humorist, and to which one of the sons of John Bright was invited. The boy returned home aglow with delight "Well," said the English statesman to his son, "did you enjoy yourself, my boy?" "O, indeed I did," exclaimed the little Bright, "and Mr Ward gave me such a nice name for you, papa" "What was that?" inquired the father "Why, he asked me how that gay and festive cuss the governor, was!" replied the child.—*Brooklyn Magazine.*

—Up at the Grand Central station the other day, says a New York paper, there was an agitated young man and an agitated young woman. Bride and groom they were and it was a wedding tour they were taking In a big Saratoga trunk they had packed their silks and their broadcloths, along with a toilet set with which some generous friend had equipped them That toilet set was of celluloid, and in its rough journey the celluloid had ignited, the good big trunk and its contents were in ashes, and a wedding tour was brought to a sharp termination.

—A house can not be kept for many generations in one family in this country James Fennimore Cooper's house was burned down a few years ago, and the growth of Cooperstown has led to the opening of a street through the grounds William Cullen Bryant's favorite residence at Roslyn is now abandoned by the family, and Idlewild, Nathaniel Parker Willis' country seat on the Hudson, is now, for the second time, offered for sale Bayard Taylor's farm at Cedar Croft has been sold, and the proceeds are almost all the family has for its support.—*Boston Budget*

—Near Astoria, Ore., there is a deposit of clam-shells which cover an area of over four acres, and is piled in places to a depth of over four feet The amount of shells is incalculable. Over one thousand loads have been hauled away to make roads, but that amount is hardly noticed in the diminution of the immense heap From time to time relics of the old clam-eating tribes that made that place their headquarters are found. A party recently found a clam-opener. It was made from a whale's tooth, is about eight inches long, and is ground sharp at the end There are some sixteen inches of soil on top of these immense clam beds, on which grow fir trees, some of them four hundred years old.—*Chicago Times.*

—About a mile above Magnolia Dell, in Muckalee Swamp, a colony of beavers have settled. The site of their fortress is well chosen. It is at a sharp bend in the creek, a long open reach extending southward and in the same manner westward On the land side it is protected by a boggy morass which, intersecting above and below with the creek, makes an island. On this island they have built their mud fortress, and a queer-looking structure it is, made of saplings, pieces of bark and branches skillfully interwoven. The trees in the vicinity exhibit marks of the sharp teeth of the busy little animals, and a fish-trap near by has been utterly demolished.—*Americus (Ga.) Recorder*

Extravagant Claims!

When men endeavor to cover facts with the thin veil of sophistry they exhibit a lack of judgment and a sacrifice of principle.

TIME

has demonstrated that the portion of a community who confides too much in the traveling mountebank is the loser in the end.

THE REACTION HAS COMMENCED!

and Fire, Water and Smoke—by the way all a bare-faced lie made out of whole cloth, to lull people into the belief of big bargains—have run their race.

B. STINE has so far refrained from exposing these frauds, upon the principle that illegitimate business, if let alone, will die a natural death.

We shall continue, as heretofore, to carry the best line of honest, seasonable **Clothing, Furnishing Goods, Hats and Caps,** aiming to have the LATEST STYLES in everything in our line, and defy any competition, irrespective of any old, worn-out shoddy claim that has been, or new ones that may be invented, with or without patent.

AYER'S SARSAPARILLA has demonstrated its power of cure for all diseases of the blood

The Harpooner's Story.
New Bedford, June 2, 1883

Dr. J. C. Ayer & Co—Twenty years ago I was a harpooner in the North Pacific, when five others of the crew and myself were laid up with scurvy. Our bodies were bloated, gums swollen and bleeding, teeth loose, purple blotches all over us, and our breath seemed rotten. Take it by and large we were pretty badly off All our lime-juice was accidently destroyed but the captain had a couple dozen bottles of AYER'S SARSAPARILLA and gave us that We recovered on it quicker than I have ever seen men brought about by any other treatment for scurvy, and I've seen a good deal of it, beeing no mention in your Almanac of your Sarsaparilla being good for scurvy, I thought you ought to know of this, and so send you the facts

Respectfully yours, RALPH T WINGATE

The Trooper's Experience.
Museen, Basutoland (S. Africa), March 7, 1883

Dr J C. Ayer & Co—Gentlemen I have much pleasure to testify to the great value of your Sarsaparilla. We have been stationed here for over two years during which time we had to live in tents Being under canvas for such a time brought on what is called in this country "veldt-sores." I had those sores for some time. I was advised to take your Sarsaparilla, two bottles of which made my sores disappear rapidly, and I am now quite well.

Yours truly, T. K. BONES,
Trooper, Cape Mounted Riflemen

News of the death of the Emperor William is likely to be received at any time He recently said with feeling and sorrow that 'all his friends were dying," and in the order of nature he must soon pass away He is in his 89th year

The Prohibitionists will have to turn some of their artillery upon the Supreme Court of Illinois That tribunal has decided that liquor selling is not a crime *per se*, as they contend, but a common law right, subject to such regulations as the State may choose to impose This power of regulation extends, to be sure, to the point of absolute prohibition—at least the Supreme Court of the United States has so declared—but the fact remains that the Illinois decision antagonizes the doctrine upon which the Prohibition movement is mainly based, and eliminates from the controversy the chief argument that can be made against the license system

Logan in Boston

Gen John A. Logan was given a rousing reception in Boston last night by the Norfolk Club At the banquet speeches were made by Gov Robinson and other distinguished men, and Gen Logan responded in an eloquent effort Concerning the "offensive partisanship" excuse he said

First let me say of civil service reform that it is the child of the Republican party, but unfortunately has been put out to nurse with a stranger, and if not dead now looks "sick unto death" When the law was passed the intention was to put into the positions to which the law applied such persons as were found to be best qualified to perform the duties required, and also to retain in position such persons as were well qualified and found to have faithfully performed their duties The law is now being construed, however, to the effect that a person who voted the Republican ticket at the last election committed a crime, gained "the peace and dignity" of the Democratic party—a new offense—heretofore unknown to law or politics—to wit 'Offensive partisanship" A man may have rebelled, or, being in the North, may have sympathized with rebellion against the Government, he may have sought to negotiate with foreign powers for its overthrow, he may have striven to "ham string" it at the most critical moment of its desperate struggle for existence, he may have attempted to destroy its beneficent influence, he may have tried to make our institutions a by word and a mockery among the nations, he may have terrorized voters, he may have suppressed or destroyed the ballot or fraudulently perverted its true intent and meaning, he may have assisted in enacting laws under whose free operation freedom became a delusion and personal liberty a snare, but these do not seem to prove him to be an 'offensive partisan,' provided always that he voted the Democratic ticket Shall a man who has been true, even at the risk of life, limb, health, and fortune to the Union, to freedom, to the sanctity of the ballot, and to that spirit of progress which is acceptable in the sight of God be amenable to the charge of 'offensive partisanship' for exercising his right as an American citizen? Is this the character of the man who is offensive to the Democratic party? Do we not see the civil service principles twisted, warped, and most wretchedly deformed, in place of the service being, as promised, reformed? I object, for one, to the prostitution of the public service in the name of reform I insist that there should be candor and fair dealings in the matter of making removals from office If our political opponents propose to make removals from all the offices I say that, instead of trumping up frivolous and unjust charges against Republican incumbents as a justification for their removal, they will announce that they are to be turned out because they are Republicans, and their successors are to be appointed because they are Democrats Sir, tear away the mask of reform and let the face of Democracy come forth"

General Grant Excites the Fears of His Family by Keeping His Room.

But Noting Their Distress, He Writes Some Brave Words for Their Encouragement, and Hope Revives.

A Restful Night Succeeds a Quiet Day and an Evening in the Parlor

Mt McGregor, N Y, June 30 —General Grant decided before noon yesterday that he would not leave his room. It was pleasant outside, but the darkened sick-room was more to his liking There he sat dressed as he was during the night, heedless of his surroundings, and with no wish except that he might be left to save what little strength remained to him That was not quite the way he put it, but it was so construed He said he did not care to leave the room because if he went out he might be tempted to work, or have to submit to conversation, and perhaps annoyance.

Dr Douglas looked into the room frequently, so that the General might not want attention His solicitude was noticed by the General, who early in the afternoon wrote to him that he had enjoyed a restful day, and was quite as well as yesterday. The note, as though still further to make the Doctor's mind easy, conveyed the hope that to morrow night would be pleasant enough for him to go out of doors.

Some apprehension was felt by the family during the afternoon, lest the General's weakness had reached the stage at which danger is imminent This feeling could not be concealed from the General and about three o'clock he arose and was fully dressed, but his disposition to be quiet and to remain in the sick room did not leave him, and as the family did not regain the confidence with which he evidently wished to inspire them, he wrote them the following note

'Do as I do, I take things quietly I give myself not the least concern as there is no progress, there is hope"

There was some comfort to the family in this courageous note, and evening came with hope in some degree revived The evening as of late, passed quietly and without event. Quite early the General joined the family in the parlor, remaining with them until about eight o'clock He gargled his throat frequently, and when he was ready for the night little was left for Dr Douglas to do

The General was fully prepared for rest by nine o'clock, and was asleep within an hour Dr Douglas said he thought the indications for the night were as favorable as last night. The General awoke twice between nine and eleven o clock, the second time coughing so severely that the doctor, who had gone to the hotel for a few minutes, was summoned The trouble was soon relieved and he dozed off again

A Sharon Victory

San Francisco, Cal, June 30 —The Supreme Court of this State yesterday decided that ex Senator Sharon can appeal from the decision of the Superior Court, granting Sarah A Sharon, nee Hill, a divorce with alimony and counsel fees The decision stipulates that no alimony shall be paid pending the filing of an appeal Sharon's side is much elated and General Barnes, chief counsel for Sharon, in an interview with a United Press reporter, says the decision virtually disposes of the case as it will now be tried before another and impartial Judge, and be decided on its merits According to the wording of the decision lawyers say it puts Sarah on the defensive, for if Sharon does not appeal for a new trial, she will be compelled to, as all proceedings are stayed until an appeal is taken Under any circumstances it is now conceded that the backbone of the conspiracy is broken, and that it is a Sharon victory complete Sharon states that he will bring criminal action against Sarah and her co conspirators

Another Street Railway Strike Imminent

Chicago, Ill, June 0 —Another strike of drivers and conductors, numbering thousands, is threatened on the West Side division of the City Railway Several of the leaders who took a prominent part in adjusting matters between the company and the men a couple of weeks ago have been discharged Resolutions were presented at the office of the Superintendent demanding the reinstatement of the discharged men, and declaring that if these demands were not satisfied the whole force would quit work at five o'clock to-day The Private Secretary of Superintendent Lake tore the communication into shreds and tossed the fragments into a paper basket If the demands of the men are not acceded to a strike will follow

DAVY JONES' WIND.

It Was Too Short to Stand Before John Doyle

Milwaukee, Wis, June 29 —A brutal fight occurred last night a few miles from the city, in the town of Lake The sluggers were John Doyle, weighing 185 pounds and five feet nine and one-half inches high, of San Francisco, and Jones, 165 pounds, five feet eight inches high, of South Chicago The fight was according to Queensbury rules to a finish It was witnessed by a small crowd The padding had been taken out of the gloves, so that it was virtually a bare knuckle contest. Five rounds were fought At the beginning of the sixth Jones failed to come to time and the fight was given to Doyle He got first knock-down while Jones drew first blood Jones is a hard left hand hitter, but Doyle was too heavy for him Jones showed himself very clever and cunning, frequently dodging to escape punishment, but he was too short winded

DUDLEY'S DEMEANOR.

The Would-be Slayer of O Donovan Rossa Faces a Jury

Determined to Have a Merry Trial Whatever the Result May Be

New York, June 29 —Lucille Yeart Dudley, the would be assassin of O Donovan Rossa, was arraigned at the bar of Special Sessions this morning to plead to the charge of felonious assault with intent to kill The plea of not guilty was entered, and the work of selecting a jury at once commenced Ex Judge Fullerton appeared for Mrs Dudley The court room was crowded to its utmost capacity, but at least one fifth of those present were detectives and police officers Rossa and his Lieutenant Patrick Joyce, were both in attendance

The jury was secured and sworn before recess The following are the names of the jurors and their occupations Emanuel Simmons, jeweler Chas P Cohn, quilt manufacturer, Louis Kronthal, traveling salesman, George Hensinger, furniture manufacturer Henry Maas and George Brumsweg, designers and engravers William Shult and Charles Duell, clerks Henry T Blodgett, life insurance agent John W Lathrop, jeweler Geo W Phelps and Wm J Jenkins, Jr

At the reassembling of the court at 2 30 p m, Assistant District Attorney Purdy opened the case for the people and detailed the facts bearing on the case prior to and after the shooting

O'Donovan Rossa was called as the first witness and Mrs Dudley lent her voice in making things lively Being asked his name, the witness replied "Jeremiah O'Donovan Rossa"

"That's not his name," called out Mrs Dudley 'Where did he get the Rossa from?"

"What is your business?' was asked the witness

"Dynamiter!" shouted Mrs Dudley before Rossa could reply 'Journalist'

When relating the circumstances of the shooting witness said Mrs Dudley had asked him to sign a certain receipt, which he had refused to do Mrs Dudley at this cried out in a loud voice

"You are a liar! You never read a word of it"

At several subsequent points in Rossa's testimony Mrs Dudley made similar remarks, at one time telling the jury to move away from him as he was a dangerous man and at another, saying that he was never struck by a bullet at all, but fell to the sidewalk through fright

Mrs Dudley continued to interject her sharp and sarcastic sallies up to the time of adjournment, much after the fashion in which Guiteau enlivened the proceedings during his trial Rossa said that when he fell, after being shot his legs were paralyzed, and Mrs Dudley added "With fear" Then she continued "You were scared, Jeremiah, and badly"

While Judge Fullerton was reading one of Rossa's inflammatory editorials she jeered "How did you like your own weapons Donovan? I wouldn't have shown the white feather if I was a coward"

Mrs Dudley frequently shrieked "Liar! Liar! Cur!" and repeated Rossa's alleged pleading expression 'For God's sake don't kill me"

Rossa told the story of the shooting substantially as it was printed at the time A number of Rossa's followers were present and occasionally hissed, "spy," "English agent" and words of like import at Mrs Dudley

The appearance of the servant girl in politics is one of the curiosities of the present campaign for office. She has just come to the front as a political factor in Abilene, Texas, where the present incumbent of the Post Office has pending against him the somewhat grave charge of refusing to pay her wages. The case should not, however, be decided against him without careful investigation. There may be extenuating circumstances. She may have spoiled the dinner, or scalded the baby, or thrown a flat iron at his wife, and it is barely possible that she may have called him a Democrat. Mr. Vilas should not be rash in coming to a conclusion in a matter of such magnitude.

We want to say a word to the men, women and girls who work in stores, offices and factories. There are hundreds of thousands of you in the country. Very few of you are well. You are shut up too much and exercise too little. In this way you get sick. Your blood is bad, your digestion poor, your head often aches, you don't feel like work. FROM WASHINGTON.

A Much Needed Reform Inaugurated in the Land Commissioner's Office.

No Sweeping Change Contemplated in the Executive Department—Madame Ravenna's Mysterious Death.

Manufacturing and Labor Interests—The New York Appointees—Capital Notes.

A Needed Reform in the Land Commissioner's Office.

Washington, D C., June 30 —The annual appropriation for the survey of public lands is about $400,000, but under what is known as the individual deposit system, made by persons desiring surveys, and for which certificates are issued, redeemable by the Government by being received in payment for lands sold, the actual expenditure for surveys has in some cases been as high as $2,000 000 The excess over regular appropriations was not figured in the public estimates The use of this special fund, Commissioner Sparks says, has been the subject of much scandal and complaint, arising from loose constructions of law and lax practices adopted heretofore in the Land Department. The Commissioner has been investigating the subject for some time, and as a result has refused to approve contracts for surveys entered into by Surveyors General since he assumed charge of the General Land Office He has also, with the approbation of Secretary Lamar, issued new rules and instructions, "designed to bring the special deposit system strictly within the limitations of the law, and entirely reforming the previous practices of his office in the matter" Applications for such surveys can be hereafter made only by actual settlers. The Commissioner defines settlers to be persons permanently attached to the soil Jobbery in surveying contracts is prohibited, and contracts are to be opened to public competition Surveys to enable speculators to cover up land by fraudulent entries will not be allowed Preemption surveys which necessitate resurveys or payment by the Government twice over for doing the same work, has been stopped The Commissioner also found that a system of making elastic contracts has grown up For instance, an original contract for $5 000 had been expanded to cover an actual expenditure of $150,000 This business was promptly suppressed, the Commissioner refusing to recognize the validity of such expansion or to approve the irregular surveys

No Sweeping Changes to be Made

Washington, D C, June 30 —The impression that sweeping changes are to take place in the Executive Department on the 1st of July, the beginning of the next fiscal year, is not fully confirmed by surface indications thus far presenting themselves In the Treasury Department the new Director of the Mint displaces Mr Burchard on that date, and several new chiefs of divisions take their places in the Sixth Auditor's office Of the Bureau of Engraving and Printing some reduction of force is expected At the State, War and Navy Departments some few changes will be made, but they will be insignificant both in number and grade There are no indications either at the Post-office or Interior Departments that there will be an indiscriminate slaughter of official heads Postmaster General Vilas said yesterday that he knew of no slaughter to be made at the Interior Department The fear of a general cleaning out is without foundation At the Department of Justice two new Dx aminers—Democrats to replace Republicans—will assume the duties of their offices Mr D A Visher, of Ohio and J M Hassell, of Maryland, Democrats who were dismissed early last March when the Examiners' force was reduced from seven to four have been reappointed and will take the places of Ralph Ballin and J W Bowman Republicans, resigned A new general agent for this department will probably be appointed to day

Was Madame Ravenna Poisoned By Her Lover?

Washington, D C, June 30 —A sensation has been caused here by a report that Madame Ravenna, the singer who died suddenly on the day set for her marriage, had been poisoned by Dr Bessels, her intended husband There were suspicious circumstances which set people talking The first was that Dr Bessels was and had for some time been living with the woman

The next was that two dates had been previously set for the marriage both of which had been postponed third, that an effort had been made at once to have the body cremated fourth, admission that arsenic had been administered. Dr Shell, her physician, gave a certificate of death by apoplexy, but says she had been taking arsenic for malaria, but only in a mixture that contained about one-eighteenth of a grain to a dose As for the cremation, that was her desire, and but for the fact that the crematory at Washington, Pa, was not running, the body would have been sent there immediately, but it was buried at Glendale, Md It had begun to decay immediately He says that if any charge was made that her death was under suspicious circumstances her body would be exhumed Dr Bessels is very much surprised, and deprecates a post mortem

Manufacturing and Labor Interests on the Pacific Slope

Washington, D C, June 30 —Mr L W Wilhelm, lately of the John Hopkins' University, who has been appointed special agent for the United States Labor Bureau, has been assigned to prepare a report upon the condition of manufacturing interests and labor matters along the Pacific slope, with reference to the general depression in trade He will also inquire into the occupations and wages paid the Chinese, and the effect upon the labor question Mr Wilhelm starts at once for California, and will be engaged in that section of the country for about two months

Purely in the Interest of Economy

Washington, D C, June 30 —A commission, under the direction of Mr. Graves, chief of the Bureau, is engaged in thoroughly reorganizing the Bureau of Engraving and Printing, with a view to reducing the expenses and cutting down the force as low as possible, the announcement of the reductions will probably be made to-day They will be purely in the interest of economy, and none of those dismissed will be replaced by Democrats Mr Graves is a thorough administration reformer, and proposes to run the bureau upon an economical basis Some years ago when sent to look into the workings of the bureau, he recommended a reduction, and since that time the force has increased without a corresponding increase in the work done

The New York Appointees

C, June 30 —Mr. Holden, the new Collector, and Mr Beattie, the new Surveyor for the port of New York, visited Washington yesterday, and paid their respects to the President and Secretaries Whitney and Manning Secretary Manning requested Mr Robertson to continue to serve as Collector of Customs, until the close of business on June 30th, so as to avoid the necessity of opening a new set of accounts with his successor, until the beginning of the next fiscal year

Fatal Affray Between Lawyers

St Joseph, Mo, June 30 —A D Green, a prominent young attorney, was shot and probably mortally wounded by Jas H Pratt, also a lawyer, yesterday morning The men had some trouble Saturday, and Pratt was roughly handled by Green. Both men were placed under arrest, and in the Police Court yesterday morning the case against Pratt was dismissed This incensed Green, and he threatened to cut Pratt's throat unless he signed a statement to the effect that he (Green) was justified in the attack Pratt signed the paper, and then drew a revolver and fired at Green The ball took effect in the left arm, shattering the bone, and the limb was amputated at the shoulder Green is at death's door, while Pratt is out on bail

FRANK HARDY'S RETIREMENT.

The Republican Deputy Steps Out of the Post Office.

Some two months ago Frank P. Hardy, the deputy postmaster, tendered his resignation, to take effect on July 1st, and to-night at 8 o'clock, the usual closing hour, Mr. Hardy will step down and out. It may be truthfully said that Mr. Hardy has grown weary of the duties and confinement of the office, where he has been a faithful assistant for a period of 12 years. He retires to get more elbow room and fresh air, and the prospects are there will be plenty of breeze stirring to-morrow. The inquiry naturally arises, "Who will be Mr. Hardy's successor?' That is a question that may be quickly settled. The initials of the lucky man's name are probably Heston I. Baldwin, a democrat, who lately went into the office. He has made himself pretty familiar with the machinery of the office. Who knows—he may be made Postmaster when Captain Lytle's time expires, in Dec., 1886.

Mr. Hardy has not yet accepted another situation. He will simply take a long needed rest, and in due time he may engage in business.

The Drowned Printer.

The search for the body of Frank Robeson, the printer, drowned in the Sangamon river near the Maffit bridge, was resumed early this morning by Coroner Perl and the usual number of curious men and boys. The uncle of the deceased, Mr. Faurot, who arrived from Indiana this morning, went to the river with the Coroner and is active in the search. Different means are used to raise the body, but without success. This morning S. S. McKay and John Somers collected about $30 to purchase 100 pounds of giant powder to be used in prosecuting the search. At 11 o'clock the powder was taken to the river by D. A. Maffit and Mr. Reece's representative. Mr. Maffit is doing all he can to find the body, but all work at a disadvantage on account of the high water and swift current. Up to two o'clock this afternoon the body had not been located or brought to the surface. Some hold to the opinion that the body has been carried far down the stream.

Sudden Death of a Child.

Yesterday Mrs. Abram Trimmer, residing on the farm adjoining the county poor farm, left her four months old babe in the house asleep, and to all appearances in good health, going out to pick berries near by. With the child remained its little brother, three or four years old, while Mrs. T. took the little girl nine years of age with her. Out of solicitude for the child, she sent the little girl back to see whether it was sleeping, and in a few minutes was alarmed by the cries of the daughter, when, rushing to the house, she found the babe dead on its bed, never having moved from the position in which it was left. Physicians who understand the case are of the opinion that death resulted from structural defect of the heart, and that the child never would have been healthy, owing to the malformation mentioned.

The "Colleen Bawn" To-Night.

A very pleasing presentation of "Hazel Kirke" was given before a fair-sized audience last night by the Miss Joan Cravan dramatic company. The troupe made a decided hit in the play, and won much applause. Miss Cravan is a handsome brunette, having a captivating stage presence, and she speaks her lines with the grace and finish of a true artist. The supporting company includes Miss Clark, Miss Lowell, Miss Sylvester, Miss Marshall, Charles Blake, Alfred Rich, D. LeBarre, J. K. O'Neill, J. B. Cooper and Wm. Ross. The play for to-night will be the Irish comedy-drama, "Colleen Bawn." Go to-night. Admission, 10, 15 and 25 cents.

Put Out of the Cemetery.

Special Officer Plotner at Greenwood cemetery for several days has had his eye on an old man of 60 who has been in the habit of meeting women of bad character at the city of the dead. The name of the venerable loafer is given as Williams. To-day Plotner in making his rounds through the grounds saw Williams in company with a well-dressed woman in the act of climbing over a rear fence to get into the Powers field where there are some wild flowers. Plotner nabbed the pair and hustled them out of the cemetery through the front door at the only entrance. There are no back doors to the grounds and it is a standing rule that every body shall pass out under the arch. Williams and the woman were very huffy at their treatment, but they went out just the same. If they or any of their ilk are caught there again they will fare worse.

$1.75.

The ladies' extra fine kid button mat kid top shoes that are advertised by a Decatur dealer "worth $3.00 but will sell for $2.00." can be bought at $1.75 of Powers & Haworth. 30-tf $1.75.

LAST night at Chicago the Wabash men announced that if they were not paid by July 1st for their two months work, they would strike for their wages, and not aid in turning a wheel until paid. Mr. Shanks told the men that all would receive their money on July 6th.

YESTERDAY Mr. Chas. C. Carter met with a very painful and dangerous accident at his home, on North Church street. He was having a lot of rubbish put away when he stepped upon a sharp-pointed nail, which went through the sole of his shoe and into his foot about half an inch. Two hours later the injury was so painful that Mr. Carter could not walk. There is danger of lockjaw in such cases.

THE "Little Nugget" combination, presenting "Little Nugget, or Grinder's Kid" comedy in three acts, will appear at the opera house three nights next week, commencing Monday evening. The famous California Sissons are with this troupe. Prices 10, 15 and 25 cents.

J. C. HOBSON has opened a fruit, candy and notion stand at his home on East Main street. He will have a lemonade and cider stand in full blast on the Fourth.

THE Springfield base ball club to play the Decatur Reds this afternoon arrived at noon and were escorted to the St. Nicholas. They are a fine-looking nine of players, and each looks like he could run like the wind and knock a ball over into the next county.

THIS evening there will be a meeting of the Knights and Ladies of Honor at Knights of Pythias hall. Business of importance. Full attendance requested. Per order of Daniel Robertson, vice protector.

Reece Robbed Again.

During last night two or more burglars broke into E. C. Reece's gun store, at 257 North Main street, and got away with a half dozen revolvers, worth about $60. The robbers got in through the transom over the rear door, which had been nailed in place. The thieves simply pushed it inward and then crawled over into the store. Going out they removed the bar from across the door and walked out with the pistols. One of the missing revolvers is a Smith & Wesson, another a Bull Dog; another a Colts, and the other three were common 32-calibre pistols. Mr. Reece does not miss anything except these pistols, though the robbers might have taken a wagon-load of guns, ammunition, etc., with equal success. This morning the police were notified of the robbery, and steps have been taken by Marshal Mason to capture the robbers. He thinks the burglary was committed by men, while Mr. Reece is inclined to the opinion that the theft was committed by boys, who wanted revolvers for the Fourth.

A year ago last spring thieves broke into Mr. Reece's store and stole $110 worth of revolvers. All three of the fellows were caught. Two got a year in the penitentiary and the other one two years.

Illinois Soldiers' and Sailors' Home.

A leading item in the work of the legislature at its last session was the appropriation for the establishment of an Illinois Soldiers' and Sailors' Home. The bill provides that not less than forty nor more than 360 acres of land shall be purchased on which to construct the building. The Governor is to appoint seven commissioners, without pay, to select the site of the home. When this is done the Governor is to appoint three trustees, who shall be a body politic and shall supervise the construction of the building, receive specifications, advertise for bids and the like. The trustees are invested with the usual powers in regard to the admission, maintenance and discharge of inmates. After the building is completed, the legislature will have to make the usual appropriation for its running expenses. There is already some discussion as to who the commissioners and trustees will be, and the question of location is being agitated. The cities of Peoria, Danville, Springfield and likewise Decatur are moving in the matter of capturing the Home, with what success time will develop. It is not necessary to enlarge upon the advantages of Decatur as a suitable point for the Home, for as everybody knows, this is one of the most accessible cities in the state, centrally located, and having plenty of coal, water and natural drainage.

THE GLORIOUS FOURTH.

Business Men and Floats in the Procession—Promise of a Big Day.

About all the arrangements have been perfected by representatives of the State Trades Assembly for the monster celebration of the Fourth of July at Cassell's Grove, on Saturday. The Hibernian Band will provide the instrumental music, and speakers from a distance will be here to address the multitude. Excursion rates on the different railroads have been secured, and as the celebration has been extensively advertised by means of posters and newspapers, there is no doubt but that there will be several thousand visitors here, not counting our own people and those who will come in from different quarters of the county.

THE TRADES' PROCESSION

during the forenoon will be one of the principal features of the day. The following named firms are expected to make separate displays in the way of employes in line, with here and there one or more floats representing the different trades:

Caught

John Barger and Harry Cooper, who with Lefty Ellison, broke into W. E. Horne's barn yesterday, are in jail. Barger was caught last evening, and Cooper was nabbed at Oakland Park this morning by Constable Weitzel, who brought him to the jail. The boys will have a preliminary examination this afternoon if they want it. The evidence against them is very damaging.

25,000 Yards.

The largest lot of canton flannel ever received in Decatur at one time by one firm arrived at Linn & Scruggs' dry goods house this forenoon. The consignment was 25,000 yards of canton flannel bought in Boston for the fall trade at low figures. The lot filled 20 large cases.

Too Smart.

A cute party named D. B. Noggle, who tried to beat the Citizens' street-car line out of a five-cent fare, had to face the music before Justice Eyman last evening. In default of $5.60 fine he was sent down to jail with the chain gang attachment. Noggle got into this trouble by representing himself as an officer. He had come up town after a warrant and was taking it to the depot to hand it to Helmick. On the way down on the car he thought he would save a nickel. The street car company will stand no foolishness in the payment of fares, and will promptly nab all such smarties as Noggle.

Races at Oakland Park.

The managers of Oakland Park offer three cash prizes to be contested for on the lake on the Fourth:

First prize of $5.00 to oarsman making circuit of lake three times and coming out ahead of all competitors.

Second, $3.00 to person going from the dam to tree first in a tub.

Third, $2.00 to person (in swimming suit) swimming from dam to tree at head of lake first.

The fireworks at night will far surpass all former displays. 30-d4

THE FATE OF THE FLIMFLAM.

A flimflam flopped from a filamaloo,
Where the pollywog picked so pale,
And the pipkin piped a petulant "pooh"
To the garrulous gawp of the gale.
"Oh, woe to the swap of the sweeping swipe
That hooams on the bobbing bay!"
Snickered the shark to the snoozing snipe
That lurked where the lamprey lay.

The glugging glinked to the glimmering gleam,
Where the buzbuh bumbled his bee—
When the flimflam flitted and flecked with foam,
From the snoozing and succulent sea.
"Oh, swither the swipe with its sweltering sweep!"
She swore as she swayed in a swoon.
And a doleful dank dumped over the deep,
To the lay of the limpid loon.

EDITORS REPUBLICAN.—The clouds of late have been weeping big tears of rain, and the growing corn in many places is wading knee deep in water, while in one particular place, just a little southwest of Oreana, we saw on last Saturday a small piece that was in up to its neck, and as corn is not web-footed and cannot swim, if the water gets any deeper it will surely drown.

Fourth of July is almost here and the boys, and girls too, will be firing off their fire-crackers. For the pleasure of your correspondent and those who make fun on our national holiday please publish

TOMMY'S RIDE.

The crackers cracked; the guns went bang;
Folks shouted, and the bells they rang.
All hearts were full of joy and pride,
When Tommy took his famous ride.
It wasn't in a big balloon
That he sailed up to meet the moon;
But all the money in his pocket
He spent upon a single rocket.
He planted it against the wall,
And there it towered, slim and tall;
Then ellly Tommy—such a trick!
Must tie himself fast to the stick.
Whiz! went the rocket through the air.
The people stopped to wildly stare;
The dogs they barked with all their might,
But Tommy soon was out of sight.
The old man in the moon looked out
To see what it was all about.
Said he to Tommy: "Is that you?
Come in and see me—how d'ye do?"
Away went Tommy, fast and far;
He tried to catch a pretty star;
He saw the clouds go sailing by,
Like boats of pearl along the sky.
But soon he slower went, and then—
Down, down, he fell to earth again!
Down, down—the old man in the moon
Said 'Call again some afternoon.'
Down, down; sweet faces o'er him beam;
How lucky this was all a dream!
Safe in his little bed he lay;
And it was Independence Day.

INDIANAPOLIS *Journal:* A newly appointed Postmaster at Cambridge, Ohio, is said by his neighbors to have been indicted by the grand jury last fall for bribing men to vote the Democratic ticket. The community is agitated over the question whether or not he should be considered an offensive partisan, the majority being of the opinion that he is. One of Mr. Vilas' rules in regard to Postoffice Inspectors is, that they shall never have been convicted of any criminal offense. Evidently this rule does not apply to Postmasters; or possibly an indictment doesn't count.

Neuralgia

CAN BE CURED WITHOUT THE USE OF OPIUM OR MORPHINE!

The *Medical Brief*, published at St. Louis, says in the June, 1884, issue: "Many have become victims to the use of opium or morphine, from the use of those drugs for the relief of Neuralgia. It is gratifying to observe that such dangerous consequences may be averted by the use of TONGALINE, which is almost a specific in the acute form of Neuralgia."

"Used Tongaline in a case of Neuralgia of 12 or 15 years standing, which had resisted all treatment. This was six months since and the patient has enjoyed perfect freedom from her complaint."
E. L. ROWE, M. D., Centryville, Mo.

"Have given Tongaline a fair trial in Neuralgia. To use my patient's own expression, 'It's the medicine for that disease.'" J. P. RINKEL, Brighton, Ill.

"I consider Tongaline the best preparation for Neuralgia I have ever tried."

DUKE'S PATENT SLIDING AND ADJUSTABLE WIRE SCREENS.

These screens are placed in a groove on the inside of the window instead of on the outside. They have two springs attached, which hold them at any desired height. They can be placed at the top or bottom of the window, as desired.

They can be taken away or adjusted to the window instantly.

They do not disfigure the windows, as no nails or screws are required to fasten them. They cost no more than the old style, and are much more convenient, neat and durable, and a better screen than any made by the hardware dealers.

My screens are mortised and tenoned, and every mechanic knows they are better than the iron angles used by hardware men. Then go to a good mechanic to get your work done. My work will compare favorably with that of any other mechanic.

I also make all kinds of screen doors at reasonable prices.

CHOLERA is rapidly moving westward and will soon appear in this country. In order to prevent disastrous effects from its ravages every preventive should be employed, and the system should be in perfect condition. At this season of the year the system is in a weak state and easily susceptible to dangerous disease. Pain in the back, weariness, lassitude, headache, dyspepsia, indigestion, kidney and liver complaints are but the result of neglect. During the last visitation of cholera to this country no medicine was found equal to Mishler's Herb Bitters, both as a preventive and cure, and it has been equally successful in all the diseases above mentioned. It renews and invigorates the blood, restoring to health and strength, and thus shielding the system from disease.

Ask your druggist for MISHLER HERB BITTERS. If he does not keep it do not take anything else but send a postal card to MISHLER HERB BITTERS Co., 525 Commerce Street, Philadelphia.

Letter from Washington City.

WASHINGTON, D. C., June 25, '85.

EDS. REPUBLICAN:—Since I last appeared before your sanctum Washington has calmly settled down to the fate of a Democratic administration. The intense fear of a complete "reform" among officeholders has, under the rather unexpected magnanimity of the President, subsided into a feeling of greater confidence, and even now when some do give up their places they do it with a grace more becoming a man who somehow is half persuaded that it is all for the public weal and his own good rather than of one who indignantly yields his place to usurpers. However, this class of men is not quite in the majority yet, and the fixed determination of the average Republican to resign rather than suffer the disgrace of serving under a Democratic administration, has given away to a decided inclination to hold on as long as possible to a place on Uncle Sam's pay rolls.

Changes are going on slowly but surely among the officials who are not protected by the civil service laws, and the morning paper is sure to contain a list of new appointments, which not very strangely, are nearly always in favor of the Democracy. Nearly all the clerks and chiefs of divisions in the Departments held office under the "spoils" system, before the civil service laws, and are therefore Republicans. But because Republican chiefs and higher officials must now give up their places (which, from their prominence, they are likely to lose whether within the limits of the civil service laws or not), it does not necessarily follow that the body of the clerks will pay the penalty of dismissal for their political faith. In fact, the latter are quite sure of retaining their positions unless it is proved that they have been very "offensive partisans." The significance of the last, to be sure, has been broadened to include any one who has "stumped" or in some cases even those who have cast their vote for the Republican party, but, in the main, it gives very little satisfaction to discharge an efficient clerk when his place must be filled according to civil service laws under which Democrat and Republican must enter alike. Though perhaps no pains has been spared to produce them, yet very few among the body of clerks have been discharged for these party reasons. And this is as it should be, for the working force of the Departments is not so corrupt as some newspapers would have us believe, and the story that Secretary Manning, in counting the money of the Treasury found only a few tail-feathers missing on the bird of Jove, and that on some early dollars, might well be taken in a more general sense.

The civil service laws are bitterly condemned by President Cleveland's constituents, and the Civil Service Commission, of which Dr. Gregory of Harristown, is a member, meet with not a few obstacles in the progress of its work. This work has so rapidly increased that the Commission has been compelled to extend the length of its working day two hours, which really necessitates an increase of clerical force, but Congress is proverbially slow in passing appropriations for the necessities of needed reforms of any kind. It is a happy reflection, however, that the President appreciates the efforts of the Commission and recognizes the importance of this great reform, notwithstanding the tremendous pressure for office brought to bear by Democratic influence. His hearty co-operation has given renewed strength and confidence to the Commission, and it is with pride that we point to the fact that Dr. Gregory is so intimately and efficiently connected with this work—a work that has for its aim the removal of one of the greatest evils that has threatened our Government, and which Democrat and Republican alike, if loyal to the country's welfare, must uphold.

The National Conference of Charities and Correction that met here some time since, left a very favorable impression upon the thinking classes. Nearly every large city of the Union was represented, and nearly as many plans for the relief of the poor were offered. It was generally conceded, however, that pauperism and vagrancy more often resulted from alms-giving than from any other cause. Washington appears to have its share of paupers, as statistics show that about 1 colored family in every 6, and about 1 white family in every 22 in the District apply for alms. But the city is wide awake to its needs, and already there are ninety-five relief-giving organizations in the District besides the churches.

A musical feature like that of Decatur draws a large crowd into the White House lawns each Saturday evening, from 5 to 7. Here, just back from the White House balconies, which overlook the Potomac and that noble structure—the Washington monument—may be seen at this hour crowds of orderly, well-dressed people, listening to the almost unequaled music of the Marine Band. Passing near the President's mansion could be seen the President and a coterie of notables, with a generous sprinkling of ladies, chatting on the balcony and apparently enjoying the charming music and varying scene before them. It is this magnificent view of the Potomac through the lofty trees of the lawn that the President beholds from the windows of his office, and it is in this same office, with the famous Long Bridge stretching away in the distance to the Virginia shore, that Lincoln used to sit in private counsel during the troubled days of war.
M.

SUPPOSE that Mr. Blaine had been elected; suppose that it had been announced that he proposed to appoint a gentleman to be collector of the Port of New York who would strengthen the Republican party, what a howl would have gone up from the *World* and the *Post*. How the mugwumps would have put on their white robes and shouted "Corruption!" And yet Mr. Cleveland proposes to select a Democrat who who will make New York solid for the Democratic party, and there is not a whimper or protest from the unco good what-do-you-call-'ems.

THEY say in Wall street, New York, that money is actually a drug in the market. Last Monday the First National Bank, one of the largest and most active institutions, sent out a circular to its correspondents announcing that, after July 1, "and until we can obtain better rates for money, we find ourselves obliged to fix the rates of interest on the balances of our correspondents, of $5,000 and upwards, at 1½ per cent. per annum.

"PROCRASTINATION is the thief of time." Therefore no time should be lost in purchasing a bottle of Mishler's Herb Bitters, when any member of the family is afflicted with cholera morbus, dysentery, diarrhœa, or any of the kindred complaints so prevalent at many seasons of the year. It is the very thing for an emergency. In fact, the prudent householder is never without the medicine in the house. Try it for dyspepsia and indigestion.

CHICAGO *Journal:* Speaker Haines makes it pay. He has "worked" the Legislature for a job of furnishing the State with books of his own getting up to the amount of $12,000 or so, about one half of which is clear profit. To a man of his peculiar characteristics, this amount of money will be acceptable as remuneration for an immense amount of popular disapproval, public indignation and general contempt.

HAVE used Tongaline with marked benefit in neuralgia, and obtained relief when a number of the ordinary remedies had failed. G. E. Matthews, M. D., Ringwood, N. C.

IN the *Popular Science Monthly* for July, Mr. E. A. Gastman, of Decatur, writes: "About 1842 the manufacture of molasses was carried on here in Central Illinois from melons. I do not know how extensive nor how successful it was, but I remember very clearly, when a boy, on the prairie near Bloomington, that our neighbors frequently raised large crops of watermelons, from which they made molasses."

How He Delivered the Mail

A New York letter-carrier, arrested for his misdeed, was found to have got rid of his letters by dumping a good many of them in a heap behind an old chimney. Imagine the confusion among the people on his route! such confusion arises in the human system when the liver fails to make a proper distribution of bile. Everything becomes clogged and there is a general breaking down. Brown's Iron Bitters arrests the mischief, and puts the liver in good working order. Your druggist has it.

Oil from Nature's Wells.

The skin on the head is kept soft and flexible by a secretion from the oil glands. When these are clogged the hair dries and falls off. Parker's Hair Balsam renews their action, restores the original color to the hair and makes it soft and glossy. It also eradicates dandruff. Not greasy, not a dye, deliciously perfumed. Delightful for a lady's toilet table. The best of dressings. Preferable to all similar articles because of its superior cleanliness and purity. j1-deod&w4w

PHILADELPHIA *Press:* Commissioner Black is overhauling the various pension examining boards and turning out the offensively partisan doctors in large numbers, substituting for them physicians of Democratic proclivities who are not offensive to the present Administration. But it may be remarked that Miss Sweet continues to discharge the duties of pension agent at Chicago in a perfectly satisfactory manner.

Rose Cold and Hay Fever

Are types of catarrh having peculiar symptoms. They are attended by an inflamed condition of the lining membrane of the nostrils, tear-ducts and throat, affecting the lungs. An acrid mucus is secreted, the discharge is accompanied with a burning sensation. There are severe spasms of sneezing, frequent attacks of headache, watery and inflamed eyes. Ely's Cream Balm is a remedy founded on a correct diagnosis of diseases and can be depended upon. 50 cents at druggist's or by mail. Send for circular. Ely Bros., Druggists, Owego, N. Y.

THE Democratic party this year is a good deal like the winter wheat crop. Cleveland is too cold, Hendricks too wet, Bayard is the weevil and grasshopper, and all the rest of the fellows go toward marking down the crop short many millions.

ANOTHER story of the increasing coolness between Bayard and Cleveland is in circulation. It is among the phenomena of booms, as of certain kinds of trees, that they will not flourish in proximity to each other. Were there no 1888 in sight the relations between the President and the Secretary of State would doubtless be more amicable.

TIME tried and true is Dr. Bigelow's Positive Cure, which combines the good qualities of all the best cough remedies, without the defects of any of them. It cures promptly and permanently coughs, colds, croup, whooping cough, influenza, bronchitis, hoarseness, incipient consumption, and all throat and lung diseases, healing the lungs. Safe and pleasant for children. Price, 50 cents and $1. Trial bottles free. Sold by Dr. A. J. Stoner. 2

WHEN Thomas A. Hendricks reached Boston there was no procession or brass band to receive him, as was expected. But he hunted up a hack and found his hotel. The contrast of the reception of General Logan at Portland with the Boston affair is somewhat significant, and will not be pleasant reading for the man who was elected.

A Fortunate Discovery.

A new light is thrown on the subject of Consumption by Dr. Wagner Kemp, discoverer of Kemp's Balsam for the Throat and Lungs. A remedy that has proved itself to be a remarkable compound. It does its work thoroughly, stopping a hacking cough instantly. Sold by Dr. A. J. Stoner, No. 14 east side new square. Price 50 cents and $1. *Trial size free. Get one.* b4

THE New York *Graphic* says: "Mike McDonald, the Chicago Democratic politician, will sail for Europe with his family in a few days. He is said to have made half a million dollars in various ways in Chicago, and is about ready to retire from both politics and business."

THE habitual use of pills is a sure means of ultimately undermining health and laying the foundation for some of the most distressing cases of chronic maladies. Use Dr. Jones' Red Clover Tonic, a purely vegetable remedy, which tones and regulates the system, enriching the blood. It cures all diseases of the stomach, liver, blood and kidneys. Can be taken by the most delicate. 50 cents. Sold by Dr. A. J. Stoner. 2

—Macaulay, after passing a day with Sidney Smith, wrote of him: "It seems to be his greatest luxury to keep his wife and daughters laughing for two or three hours every day."

THE best on earth, can truly be said of Griggs' Glycerine Salve, which is a sure, safe and speedy cure for cuts, bruises, scalds, burns, wounds and all other sores. Will positively cure piles, tetter and all skin eruptions. Try this wonder healer. Satisfaction guaranteed or money refunded. Only 25 cents. Sold by Dr. A. J. Stoner. dec8-1y

"FOX'S BOOK OF MARTYRS" contains many frightful stories of most agonizing suffering. But nothing, either in story or picture, can be more distressful than the sharp, severe, shooting pains daily and nightly endured by those who are martyrs to that most terrible torment, Neuralgia. To get rid of this martyrdom is the first business of all who suffer.

ATHLOPHOROS regenerates painful nerves, and drives out the horrors of Neuralgia.

ATHLOPHOROS gives health to Rheumatic sufferers whom the most skillful physicians have not been able to heal.

ATHLOPHOROS operates on the blood, muscles, and joints; and dissolving the acids that cause Rheumatism, removes them from the system.

ATHLOPHOROS is pronounced by all who have tried it an infallible specific for these obstinate and painful diseases.

Read the testimony of one of the sufferers. David Little, Sumner, Benner Co., Iowa, writes:

"I am past 77 years of age, have had the Rheumatism three years and eight months; lost one-third of my weight, could not walk, but shuffled along on crutches; could not sleep; nerves shattered, no strength in my hands, wrists, knees or feet. But thanks be to God for your great discovery! The medicine arrived Saturday night. I took a dose Sunday morning, felt it all over me, and kept on with it. Monday morning I got up and dressed myself, and walked out into the kitchen without the aid of crutch or cane, and wished them all a happy New Year. I rest well nights, am gaining in strength, and once more enjoy life. Wish I could put ATHLOPHOROS in the hands of every sufferer from this terrible disease."

If you cannot get ATHLOPHOROS of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. We prefer that you buy it from your druggist, but if he hasn't it, do not be persuaded to try something else, but order at once from us as directed.
